

powerpoint template instructions

Entry Submission Template

- The first attached PowerPoint document is the *Entry Submission Template* for judging. On the first slide, edit the category text to correspond to the category you entered, and the entry number to correspond to the one assigned to you.
- Place the number of images you have available, up to fifteen, on the blank template slides. Resize as needed to allow for a consistent margin around the edges of the image. *Do not* place as a full bleed. You are responsible for their legibility.

Dinner Show Template

- The second attached PowerPoint document is the *Dinner Show Template* used for viewing during dinner. On the first slide edit the text to describe your project name, location, and firm name. Try to keep the text within the boundaries of the spaces provided. Place any of the images from your entry submission in any order you want, up to four, on the blank template slides. Resize as needed to allow for a consistent margin around the edges of the image. *Do not* place as a full bleed. You are responsible for their legibility.

Document Submission

- Burn the two PowerPoint document Submissions onto a CD.
- Do not forget to enclose one 8.5x11 color laserprint of all fifteen images from your *Entry Submission* along with your CD. Label the back of each laserprint with your preassigned entry number.
- Send CD and prints attention Ryan Geismar at Human Nature, Inc. no later than 4:00 pm, Friday, October 28, 2011.

Thank you for participating this year and good luck on your submission.
